Our Premium Wooden Safety Floor Stands offer a refined alternative to standard yellow plastic caution signs while maintaining clear and effective safety messaging.

Crafted from high-quality wood with a smooth durable finish, the stand provides excellent stability and longevity. The brushed gold or silver aluminium plates deliver a modern, professional look, while ensuring high visibility for the warning message. Ideal for hotels, restaurants, retail spaces, offices and upscale venues, these stands blend seamlessly into premium interiors.

Both functional and elegant, they communicate essential safety information while complementing your decor – making them the perfect choice for businesses that value both safety and aesthetics.

Features:

- High-quality premium wooden frame
- Durable brushed gold aluminium warning plate
- Stable, freestanding design for high-traffic areas
- Elegant alternative to plastic floor signs
- Suitable for hospitality, retail, corporate and luxury environments.
